

REMARKS

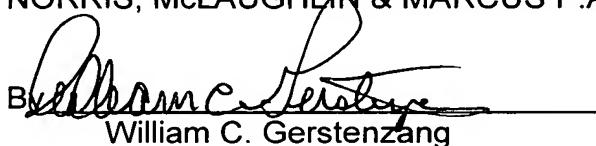

This preliminary amendment is being filed to provide headings and an improved abstract, to eliminate multiple dependency and provide for proper claim dependency, and to place the claims in better condition for examination.

In addition, the expression "...regulating the contents of the mixer intensively..." (paragraph beginning page 2, line 26; claim 1) is being amended to -- ...mixing the contents of the mixer intensively...--. No new matter is introduced as this amendment corrects an obvious error in translation, as the corresponding German word in the original application, as can be seen from the published application, is "Umwälzen".

In the paragraph beginning on line 32 of page 2, the expression "...mixing by heating" is amended to ----mixing and heating...--. This corrects an obvious grammatical error, as it is obvious from the context that "mixing and heating" was intended.

Favorable action is respectfully solicited.

Respectfully submitted,  
NORRIS, McLAUGHLIN & MARCUS P.A.
